I am grateful to svps for all valuable help and guidance.

My sincere thanks to ALL THE DIRECTORS. Without their cooperation and assistance we could not have worked so smoothly.

It is because of their interest in BPS affairs, which motivate us to achieve higher academic standards, and have continued to encourage the future development of the school and guide its destiny.

Last but not the least, the unfailing devotion and diligence of the teaching , NON TEACHING and administrative staff who have made this a rewarding year for the whole community.

Our teachers are fully dedicated to their task and do their best for the students. They spent extra hours to prepare the students for all activities so that they realize their highest potential. I express my gratitude to them.

I request my staff, students, parents, management and everyone concerned with running the school for extending helping hand so that within the foreseeable future, SVPS becomes one of the top public schools of the country.
